OBJECTIVE

I'm a motivated Computer Engineering graduate with hands-on experience in full-stack web development, particularly using technologies like React, Python and FastAPI. I have a solid grounding in programming, data structures, and problem-solving. Right now, I'm diving deeper into AI and machine learning to create smart applications. I'm excited to put my skills to use and contribute to innovative software solutions in a fast-paced work environment.

SKILLS

- HTML
- CSS
- JavaScript, ReactJS
- SQL
- Python- FastApi, Pandas, Numpy, Scikit- learn

INTERESTS

- Open source development
- AI/ML
- Debugging

ABOUT

I am a motivated and results-driven individual with a solid foundation in web development and a strong academic background. I have successfully completed an internship where I developed engaging projects and honed my skills in HTML, CSS, and JavaScript. I am eager to leverage my technical abilities in a growth-focused environment. I am also passionate about Python.
