About Me

I am a motivated and results-driven individual with a solid foundation in web development and a strong academic background. I have successfully completed an internship where I developed engaging projects and honed my skills in HTML, CSS, and JavaScript. I am eager to leverage my technical abilities in a growth focused environment. I am also passionate about Python..

Projects

Pocket Buddy:
- Owners add offers with coupon images; users can view them.
- Admin can update or delete offers and users.

Guess the number:
- System sets a number; we guess it and get "too low" or "too high" hints.
- When guessed correctly, it confirms the number is right.

To do list:
- We can easily add our own work schedule.
- We can quickly remove tasks after completing them.
